

Marco Capovilla
Marketing and Product Manager – STMicroelectronics
Italy / Switzerland

Improving the lives of REAL people through MEMS sensors

BIO

Marco Capovilla holds a Master's degree in Physics from the University of Milan. With three years of experience as a Quality Manager in the medical sector, he joined STMicroelectronics in 2005 as part of the MEMS Research and Development team. His focus was on the dry etching process for MEMS sensor production and on process transitioning ST's fabrication facilities from 6-inch to 8-inch wafers. In 2009, he brought his expertise to the technical marketing team and collaborated in supporting key accounts globally, including those in the United States, Europe, and Asia.

Since 2014, Marco has been the Marketing and Product Manager responsible for MEMS in the Korea area and is the product reference for IMU within the ST MEMS Sub-Group.
